Office Guidelines

Our mission is to be committed to providing your child with a happy start for a healthy smile by treating him or her as an individual in a compassionate and nurturing environment. Our philosophy is to provide the highest quality of patient education and dental care to all of our patients and families. Our hope is that by providing you the following information we can ensure a positive, fun and long lasting relationship. Please feel free to let us know if you have any questions or concerns.

EXPECTED PAYMENT The cost of your child's treatment will vary depending on your child's individual needs. Our team will be happy to discuss the proposed treatment plan and the fees with you. We value our relationship with you and believe communication and understanding is the key factor. It is our policy to receive payment at the time of treatment. Our practice accepts payments by cash, personal checks, debit cards, all major credit cards, and Health Savings Accounts (HSA). For extensive treatment we offer outside financing through Care Credit. We can keep a credit card on file to collect any remaining copayments.

DENTAL INSURANCE Insurance policies are contracts between you and the insurance company. To avoid misunderstandings regarding dental insurance, please review the following:

* If we do contract with your insurance company, we will collect any co-pays/deductibles at the time of service. We will accept the estimated insurance payment directly from your insurance company provided payment is received from them within 30 days. There may be an additional payment needed if the insurance deems that the charges are the responsibility of the patient/parent.
* If we are NOT contracted with your insurance, our professional fees are charged to you directly and you are personally responsible for the payment of fees at each visit. Your insurance can reimburse you directly for any covered benefits. We are happy to file your dental claims to assist you in receiving the full benefits of your coverage.
* Other important insurance factors: At your request, an estimate for services can be prepared in advance of your appointments to ensure you have an opportunity to plan for your dental care. We request that you be familiar with your insurance, in network/out of network provider benefits and provide us with the correct information to assist you with the submittal of claims. Not all services are covered benefits in all contracts and you are ultimately responsible for the total amount of your dental fees. Having dual insurance benefits does not always mean 100% coverage. The treatment recommended for your child is indicated regardless of your dental insurance benefits, deductibles, limitations or maximums.

CANCELLATIONS/BROKEN APPOINTMENTS We consider all appointments confirmed when they are reserved yet, we are pleased to offer reminders. If a matter arises and you need to reschedule, please provide 48 hour advance notice by calling during business hours to cancel and reschedule appointments. Doing so allows sufficient time to offer your child's appointment to another child waiting for care. A fee of $95 may be charged to your account for the failure of a reserved appointment. You will need to pay this amount if you do not properly inform the office in the event of a cancellation or no show. Please understand that two consecutive missed appointments may result in the dismissal of your child as a patient.

PAST DUE BALANCES Accounts are considered past due when a balance is owed from a prior visit or an insurance payment has not been received after 30 days. Payment of any past due balance is required to be paid in full before incurring new charges. Balances over 90 days may be subject to a $25 rebilling fee and 24% monthly interest charges.

INFORMATION CHANGES To ensure your child's records remain current, please notify us of any changes related to medical history, telephone number/s, address, email, employer or insurance information as they occur, otherwise we cannot assure accuracy of billing and statement.
